

SOLAR WARRANTY POLICY

WARRANTIES

We offer warranties of up to 25 years for our Solar Panels. Manufacturer warranty of up to 25 years will depend on the choice of Solar Panel. This will be detailed on quotation.

We offer warranties of up to 20 years for our Inverters, depending on the Manufacturer selected.

We also offer a workmanship/installation warranty for 10 years.

Warranty Includes

Within the first 10 years of installation of your Solar System, any damage/ defect caused by workmanship during the installation will be rectified at no additional cost. Notify us once you become aware. This is to ensure initial defect is rectified without further damage. Also, all products supplied will be under manufacturer warranty.

Warranty Excludes

Any damage caused to the solar system or installation by weather, grid faults, pests/ rodents/ animal damage.

At any time after Raso Electrical has installed your solar system, if any party other than Raso Electrical tampers with the system.
